

**Memorandum**

*Note- Schedule Included (see below)*

To: All teams entered in the 6 / 25 Hours of Thunderhill

Note: All rules apply to both 6 and 25 Hour Teams, unless otherwise noted.

From: Jerry Kunzman, Event Director

## **Supplementary Rules and Regulations**

- 1) ALL DRIVERS MUST BE UTILIZING A HEAD AND NECK RESTRAINT DEVICE CARRYING AN SFI 38.1 certification label or HANS devices with FIA 8858-2002 certifications. THERE ARE **NO EXCEPTIONS**. A **CURRENT LIST CAN BE FOUND HERE: <http://www.sfifoundation.com/manuf.html#38.1>**
- 2) No participant may **test**, or drive in any kind of event, at Thunderhill Raceway Park from November 27<sup>th</sup> (inclusively) through December 2<sup>nd</sup> (inclusively). The track will offer testing December 3<sup>rd</sup> and 4<sup>th</sup>. Please contact the track regarding testing: 530-934-4455 x 0
- 3) ALL teams must check in with **NASA Registration**. Registration will open at 12 noon on Friday at Thunderhill Raceway Park and will be located on the first floor of the main building, unless otherwise posted. **Registration CLOSSES at 8pm on Friday, December 5<sup>th</sup>. Any team failing to pickup up their registration package by 8pm will be excluded from the event; no exceptions.**
- 4) **Crew credentials** will be enclosed in the registration packages that are picked up at the track. All drivers and crew must display a racing license or a crew credential at all times. No access to the pit lane (hot pits or cold pits) will be allowed unless the person is wearing an event credential (crew or media) or is a registered driver displaying their license.
- 5) *Only the first floor of the **main building** will be open to participants and guest. No one other than officials may enter floor 2, 3, or 4 during the race, unless requested to do so by an official.*
  - a. NO DOGS INSIDE THE MAIN BUILDING on any floor (seeing-eye dogs excepted).
  - b. *There are no bicycles or other "vehicles" allowed in the building.*
  - c. *No smoking in the building. This is against California law, and you may be cited.*
  - d. *Please take care of the building. Do not cause damage! That includes leaning against walls, thus leaving marks.*
  - e. *Please note the strict PADDOCK RULES (**VERY IMPORTANT**):*  
[http://www.nasapracing.com/norcal/events/paddock\\_rules.pdf](http://www.nasapracing.com/norcal/events/paddock_rules.pdf)
- 6) Each car is required to have one AMB **transponder**. Transponders may be purchased before the event from I/O Port Racing (800) 949-5712. Additionally, there will be a small supply for sale at Registration at the track. All teams will be required to use an additional AMB transponder for back up timing. This transponder will be supplied to the team free of charge. However, any team failing to return the transponder before leaving the track will be charged **\$400**. Returning it late will not get a refund.
- 7) **Access to the paddock** will be announced in the subsequent version of this document. Any team arriving before entrance is allowed shall not use a BBQ, hunt, make excessive noise, operate motor vehicles of any kind, and must not leave any trash and/or waste water behind. ALL vehicles **MUST** stay on the pavement!
- 8) The raceway management will address **violations of any track rules** and / or policies. Such things as, property damage (littering, leaving used tires behind); inappropriate transportation (roller-skates, etc); etc. will result in penalties that are beyond the control of NASA. Please be aware that teams may be warned, fined, or even ejected by the raceway management. If any problems of this type occur, it would be best to notify the NASA Event Director immediately, so as to help mitigate the situation in the best manner possible.
- 9) There will be some **video taping** (or NASA in-house production) as well as a number of magazine writers present. Speedcast TV Productions will be shooting for the Versus Channel broadcast. Therefore, in keeping with the spirit of NASA, we expect to see only professional behavior at all times. Unprofessional, unsportsmanlike, and aggressive behavior will be cause for immediate and harsh actions, including fines, and/or ejection.
- 10) The **"matching team uniform"** rule will be enforced. If the team dons all white t-shirts, that would be sufficient. Please take this seriously. Team members with non-matching uniforms may not be allowed entry to the hot pit lane. Anyone needing uniforms may contact [www.gogogear.com](http://www.gogogear.com).

- 11) All cars MUST display **four (4) NASA decals** while on track. The decals will be given to any team in need of them, free of charge. Because of this, there will be no excuse tolerated for not having the required decals. A team WILL BE BLACK FLAGGED for not having the required decals. NO EXCEPTIONS. Decals may be obtained at registration during registration hours.
- 12) There is a **sound limit** of 95 dBA MEASURED AT **100 FEET** (This is the same as 101 dBA at 50 feet.)
  - a. Any car measuring more than 95 dBA at any time will be warned until 5PM on Saturday night. After 5PM any offending car will be black flagged immediately. The team may be given one chance to comply with the sound limit.
  - b. Cars over 97 dBA @100' (103 dBA @ 50') will be blacked flag without warning to the team. This rule applies to test days as well.
- 13) Obnoxious and / or blinding **lights** will be subject to "adjustment" per the rules. **No roof mounted lights allowed.**
- 14) **Pit space assignment** will be based on priority AND order of entry received by November 1<sup>st</sup>. Note- All major magazine entries will have first priority. Those willing to share a space with a 6-Hour entry or any team with a double entry for one car will be given the next highest priority (if entered by November 1<sup>st</sup>).
  - a. Anyone moving into a pit space that has not been assigned to them may be **asked to move**. Failure to comply with this rule will be cause for exclusion from the event.
  - b. *Pit space assignment will begin November 2<sup>nd</sup>. We will be contacting teams in the proper order for their choice. If you cannot be contacted in a reasonable amount of time, then we will skip to the next team. As soon as you return our message we will give you the next available choice. A map will be posted and / or sent out ahead of time.*
- 15) There is a 25mph **speed limit** in the pitlane. The officials should signal drivers to slow down, if they feel that they are over 25mph. If this signal is obeyed, there should be no penalty. The officials' objective is to help all teams enjoy their experience safely, not find ways to issue penalties. So, they will do their best. **Speeding in the pitlane** will warrant penalties. Those will range from a warning to a timed stop and go at the discretion of the race director.
- 16) There is **no gate fee** or admission charge for this event for participants. Please note- The track may charge for spectators (\$10 per person for admission) starting at ~~10am~~ **9am** on Saturday morning. Any personnel with your team coming in after 10am on Saturday will just need to state the name of the team they are with.
- 17) There should be a 25-hour **countdown clock** mounted in a viewable location. This countdown clock will NOT be the official clock for the event, however we will attempt to synchronize it to show you the actual time as closely as possible. This is an added feature for your convenience.
- 18) NASA will be broadcasting **live Timing & Scoring** results throughout the pits and paddock. Anyone with a laptop and radio modem (<http://tinyurl.com/radmod>), using <http://tinyurl.com/yg8xrq6> (free) will be able to view the results live. Additionally, there should be an area in Race Central (main building, 1<sup>st</sup> floor) to view the current standings live. Do NOT go to T&S during the race unless asked to do so by an official or a NASA official gives permission. In addition to the radio modem, we will attempt to broadcast live timing to a website. The link to the URL will be posted on the main page for the event: [www.nasa25hour.com](http://www.nasa25hour.com) and covers most, or all, of the paddock. There is a subscription fee for using the internet.
- 19) All teams must **monitor UHF frequency 467.875 MHz**. No side tone. (This is channel 1431 on the Receiver units.) Instructions from the control tower as well as crucial information will be broadcast on this frequency. Failure to monitor this frequency will result in harsh penalties.
- 20) No team may transmit on the UHF frequency 467.875 under any circumstances.
- 21) Teams will use **Channel 7 on the FRS / GRMS** radio to contact the Control Tower. If your team is called on the UHF frequency, returning the call on the FRS / GRMS (Channel 7) radio will save trips to the tower and expedite communications. These radios can be purchased anywhere including Wal Mart for about \$20.
- 22) Drivers from other countries with a valid FIA road racing class license are welcome. However, all drivers are required to have a reasonable **command of the English language** so far as communication for racing and racetrack conduct is concerned. Any driver and/or crew that lack this command must have an interpreter present as needed.
- 23) There will be an **open practice** session on Friday, from 4:45 PM until 5:15 PM, regardless of whether a team has previously signed up for testing.
- 24) The Race Director intends to provide a **qualifying** session on Friday, between 5:15 PM and 5:45 PM.
  - a. Those drivers that wish to be on track from 4:45 PM until 5:45 PM for the practice / qualifying session, and have not previously registered with the track for testing that day, MUST sign in with the track office. There will be no fee; however each driver must follow this rule when applicable.

- 25) The Race Director reserves the right to **change the qualifying method** at anytime. If something should prevent an accurate qualifying session, the Race Director may choose another system per the Endurance Series rules.
- 26) All teams shall have their car's **logbook** presented and signed by a NASA tech inspector. Logbooks from other recognized organizations might be adequate, but must be cleared with a NASA inspector. Contact information for the Chief Scrutineer: John Lindsey, [jlindsey@drivenasa.com](mailto:jlindsey@drivenasa.com), 213-705-1120 cell.
- 27) All vehicles must conform to their **class' safety and preparation** rules. Class rules from these organizations may be allowed to compete: NASA, SCCA, BMW Club, FIA, IMSA, Grand Am, POC, PCA, ICSCC, and CASCC.
- 28) Please take your car to tech. **Tech location** will be near the center ramp, under the permanent awning. All cars must be teched before the race. Each driver will check in with tech and show their racing suit, helmet, and head/ neck restraint device meeting SFI 38.1.
- 29) ALL drivers must obtain a tech sticker for their **helmet**. Bring your helmet to the tech area for inspection.
- 30) The team must **declare a class** for their vehicle. That could be a regular NASA class or another class recognized by another organization. In the case of the latter, the team MUST provide a current rule book for that class proving that their car meets those rules; in particular with regards to safety. No vintage style safety rules are allowed. The car must fit into a class from NASA, IMSA, Grand Am, SCCA, ICSCC, MCSCC, EMRA, or an FIA listed class. BMW Club Racing cars are approved safety wise, providing that they meet full NASA or BMW Club Racing published safety specifications.
- 31) **Addendum:** Changing of the tub (uni-body) or chassis is not permitted.
- 32) Certain **race cars that were made for road racing in other countries** than the United States may be eligible for competition in the 25-hour race providing that they meet with full FIA safety specifications and are pre-approved by the NASA National Office. No approvals at the track will be permitted, however safety and compliance inspections will be performed. The office must receive adequate documents stating the specifications and requested information before 10 days prior to the event.
- 33) **Pre-Registration will close** November 20<sup>th</sup>, 2009 at 1700 hours PST
- 34) NO REGISTRATIONS WILL BE ACCEPTED AFTER NOVEMBER 20<sup>th</sup>, 2009.
- 35) All people in the pitlane (hot pits or cold pits) must be registered as a driver, official, or crewmember and be displaying the **proper identification** at all times.
- 36) **At the track- Drivers being added (or changes)** to a team at the track will be charged \$50 per driver per team in addition to any other applicable fees. Changes must be made before registration closes.
- 37) At the track **Crew Credentials** must be obtained from registration and will be charged an additional \$25.
- 38) **Drivers that do not possess a valid NASA** racing license, but possess a valid license from another sanctioning body, approved by NASA, that register at the track must submit all applicable paperwork and fees for a NASA license, plus an additional \$25 fee.
- 39) "Permanently" placed **catch pans, rugs**, etc. are not allowed. In other words, you cannot tape down a rug to the pitlane surface. The catch pan / device shall be removed after every stop.
- 40) All **rules contained in this supplement** and presented at the drivers' meeting supersede any conflicting rules found in the NASA Club Codes and Regulation and in the Endurance Series Rules.
- 41) **No "Rookies"** are allowed to drive in this event, except during the first six hours. A "Rookie" is a driver with less than eight (8) road races. Road races with other sanctioning bodies count. Time Trials, open track, lapping days, HPDE, instructor licenses, etc., do not count.
- 42) **Body Contact** will bring penalties. All body contact, as defined by the CCR, must be reported to the Race Director within 30 minutes of the incident. Incidences will be dealt with swiftly and penalties will be issued. If the Race Director is unable to determine fault, both cars may be brought in for penalties. Note- The penalty times may or may not be equal.
- 43) All teams MUST keep a **drivers log**. The log must show which driver was driving during which times. Failure to keep an accurate log will result in penalties.
- 44) Using **colored lights** to identify the team's car at night is permitted providing that the lights and colors do not confuse other drivers (e.g. no white light to the rear). No flashing or blinking lights are allowed.
- 45) No series points (WERC) will be awarded for the 25 hour portion of the race. WERC points will be awarded for 6-hour finishers.
- 46) **ALL FUEL MUST BE PURCHASED AT THUNDERHILL VIA THE GAS PUMPS.** The following Sunoco Racing Gas will be available (prices subject to change):
  - a. 91 Octane Unleaded at ~~\$3.99~~ ~~4.79~~
  - b. 100 Octane Unleaded at \$7.79
  - c. 110 Octane Leaded at \$7.79
  - d. 87 Octane Unleaded 55 gal drum \$215.

If you have special needs, the track will work with you. There will be a drop fee of \$50 per barrel for special orders outside the scope of this arrangement.

As a side note, keep in mind that by purchasing fuel at the track you are also helping to invest in the future growth of Thunderhill Park. The repaving of the track, additional paddock canopies, more paddock paving, reworked cold pits, etc. are examples of how you directly benefit from your fuel purchases at Thunderhill. Note- NASA gets nothing from the fuel sales.

- 47) You must specify your estimate fuel usage on the Vehicle Information Form. You will **NOT** be obligated to purchase that amount, but this will ensure that they have enough on hand. Make sure you specify what octane. If you have special needs not covered here, you can call the track at 530-934-4455.
- 48) No **car numbers** made from tape or homemade looking numbers. This is a high-profile event with lots of media. If it looks like you made it at home, then it's homemade and not welcome. Call [www.gogogear.com](http://www.gogogear.com) if you need numbers made (707-643-1000). **No duplicate car numbers are allowed; no exceptions! Three digit numbers are NOT permitted. Car numbers will be assigned in the order that we received the Vehicle Information Form, NOT by order of entry.**

Car number must conform to 18.1.1 of the CCR. Reflective numbers are allowed and encouraged. The passenger side (right side) door number must remain clean and visible to T&S. Teams are strongly encouraged to take a few seconds to wipe that number clean during a pit stop. Vehicles with hard to read numbers will be black flagged or not scored!

Excerpt from CCR 18.1.1 *"The side numbers must be at least ten (10) inches tall with a one and a half (1.5) inch stroke and be of a **contrasting color**. The front and/or rear numbers must be at least four (4) inches tall. The distance between the numbers shall be as wide as the stroke of the numbers."*

- 49) Teams shall clearly **mark their pit stalls** with their car number. The car number shall be displayed so that officials from the hot pit side of the wall can easily see the number. Flags, banners, and/or signs may be used. Attaching a sign to the track-side of the canopy is sufficient. Also, tape may be used on the vertical surface of the hot pit wall. This rule supersedes the NASA Endurance Series rules regarding marking pit spaces. Teams must remove all tape and signage before leaving the facility.
- 50) **The start** will be double file, unless otherwise announced by the Race Director.
- 51) **All restarts** will be single file.
- 52) Once the **green flag** is displayed at the starters stand (for a start or restart) passing may resume anywhere on the course that is not controlled by yellow or red flags. There should be a corresponding green light displayed in Turn 14, when the starter displays the green on the front straight.
- 53) All E0, E1, E2, and E3 cars are required to **drive to at least the main road** before pulling into their paddock space during the race. The intent of this rule is to prevent those teams in the aforementioned classes that have end pit spaces from making "fast paddock stops."
- 54) Penalties will be served by the **"timed" method** as outlined in Section 9 of the *Endurance Racing Regulations*. If black flagged, do NOT stop in your pit stall. Report to Re-entry for consultation or to serve your time penalty. If any work is performed on a car that was black flagged for a penalty, the driver will be sent out for an additional lap and must return to serve the full penalty.
- 55) A team representative **MUST be present in the pit stall** at all times when the team's car is on course.
- 56) NASA and track management reserve the right to make **any changes** to anything regarding the event, its operation, rules, scheduling, course configuration and direction, barrier placement, etc. with only so much notice as time allows.
- 57) It is highly recommended that vehicles in the ES and ESR classes run **amber tinted headlights**. This can be done with amber covers or amber-colored tape. *Non- ES /ESR cars shall not use amber lights.*
- 58) Vehicles conforming to rules that specify a horsepower rating may be checked for compliance at the track, on [www.mce-racing.com](http://www.mce-racing.com). Teams are encouraged to check their rating on this dyno before the race to ensure compliance. Teams can contact them at 530-934-3237.
- 59) There will be a flashing **red light** mounted on the top of the Turn 14 flag stand. This light will signal that the pits are "closed." This is simply a driver aid and should the light system fail, the driver is still responsible to adhere to the rules. Note- pits are "closed" whenever there is a full course yellow. Please see the Endurance Racing Rules for a full explanation of the available options when the pits are "closed."
- 60) If the race is stopped due to **fog**, the entire field will be parked on track. The drivers will be allowed out of their cars. This action will stop the clock. When the race resumes, the clock will start again and continue until 25 hours has elapsed or 3 PM is reached. Under no circumstances will the race finish later than 3 PM on Sunday.
- 61) *CCR Rule 15.12 of the CCR will be enforced, except as follows: Tow hooks will not be required to support the weight of the car. However it should be noted that having sturdy tow hooks will enable much faster tows.*

# Schedule

(Subject to change without notice)

## TENTATIVE

### Wednesday:

Paddock access and setup from 5pm until 9pm. No entry after 9pm. (no race engines after 6pm, no exceptions!)

### Thursday :

Paddock access 7am. From 7am until midnight teams should be allowed access to all areas of the paddock. It is the teams' responsibility to setup properly, in a proper location, and obtain approval from the event staff. Those teams that setup without approval may be ordered to move or make changes. We will attempt to start teching cars Thursday morning, even though tech does not officially open until Friday at noon. This means that we will tech your car early if you are ready. See tech section above.

Testing will start at 9am and run until 4:30pm with a one hour lunch break. Contact the track regarding testing: 530-934-4455 x 100

### Friday:

Testing will start at 9am and run until 4:30pm with a one hour lunch break. Contact the track regarding testing: 530-934-4455 x 100

On Friday there will be an open practice/qualifying session at no charge from 4:45 until 5:45 for all teams. Qualifying will be between 5:15 and 5:45. If you did not sign up and register to test on Friday morning, you must sign up by 3:45 to run in the 4:45 to 5:45 session. (no exceptions)

### Friday (cont):

12:00 PM – 9:00 PM NASA Tech opens and Registration opens.

(see Saturday) 4:45 PM – 5:15 PM warm-up / practice (97 dBA @ 100')

5:15 PM – 5:45 PM qualifying. (97 dBA @ 100') [No race engines after 6pm!]

6:30 PM – Drivers and Officials meeting at Race Central. **Mandatory for at least the team owner or authorized representative.** Driver attendance recommended.

Registration closed at 8PM and will not reopen. Teams failing to pickup up the Registration Packs by 8PM will be excluded from the event.

### Saturday:

9:00 – 9:30 AM Officials and Flaggers meeting at Race Central. (ANYONE may attend; driver's encouraged)

9:00 – 9:30 Pit Marshal meeting on the 1<sup>st</sup> floor of the main building.

9:30 – 10:30 AM Mandatory Pre-Grid. Any car not gridded by 10:30 AM will start in the rear.

10:40 – 10:50 AM All personnel to stand near their cars. No working on cars. Military announcements, demonstrations, etc. will take place.

10:50 – 10:55 AM Drivers belt in and prepare. Resume warming engines.

10:55 AM Five-minute board.

11:00 AM Pace car takes the track.

5:00 PM Sound limit warnings end and black flagging begins.

5:00 PM Checkered Flag for 6-Hour drivers.

### Sunday:

12:00 noon Checkered flag.

12:30 PM Awards ceremony on the first floor of the main building.

# Services

NASA has contracted with or made arrangements with the follow support services for the event. NASA is not responsible for their services, quality of work, prices, or operating out. We are simply arranges these to help the teams when possible.

## **Tires/Wheels**

American International Motorsports (AIM) Tires. Located at the track in the garages. They service most brands of tires. Please call long before the event if you will need to order tires. Contact information:

Ron Cortez  
707-938-9193  
<http://www.aimtire.com/>

## **Dyno / Services**

MCE is located in the garages at the track. They offer dyno time as well as welding and custom fabrication services. Phone: (530) 934-3237 and (530) 934-3269

## **Mini Mart**

The track has its own mini mart featuring all the sundry items you may need such as microwaveable food, batteries, flashlights, jackets, tape, gloves, hats, medicine, drinks, etc. It will be open Thursday from 10 am to 3 pm; Friday from 8 am to 8 pm; and Saturday from 7 am until 1 am Sunday. It will re-open at 6 am Sunday morning and close at 2 pm.

## **Food**

Please see below. *Additionally, teams will be able to purchase pre-paid meal tickets in packs of five and ten. Purchases can be made at the Thunderhill Grill.*

***VIP Paddock Catering***  
***Menus***

***Catering & Beverage Order Forms***

## **Placing Your Suite Orders**

1. Complete the main contact and credit card payment information. Please note, a credit card must be placed on file, prior to your order being confirmed.
2. A 50% deposit will be charged to your credit card to confirm all orders.
3. Final payment for all food & beverage services will be charged to your credit card on Sunday, immediately following the event.
4. Review the menu options for Friday, Saturday and Sunday.
5. Should you have any special request regarding special diets, please email Deloyce with your special dietary requests.
6. Select your breakfast, lunch and snack and dinner options per day.
7. Fax or email your order form to:

**Attn: Deloyce 530-934-5588 ext 107 or Eric ext 116**

**Fax: 530-9348794**

**Email: [Deloyce@thunderhill.com](mailto:Deloyce@thunderhill.com)  
[diamond@thunderhill.com](mailto:diamond@thunderhill.com)**

**Must be received, no later than Monday November 23rd**

7. Once you submit your order, The Thunderhill Grill will forward a confirmation within 5-days including your final menu selections and costing for final approval.
